Prof. Elliott Keigley.

It is with much regret that the entire community will learn that Prof. Milton Elliott resigned in January the presidency of West Kentucky College, and accepted the presidency of Kentucky Classical and Business College, of North Middletown. It has prospered since its institution. It has prospered to the point where it is now known to all concerned in public education as the best of its kind in this part of the state. Prof. Elliott has had charge of West Kentucky college for eight years, and has had the largest school in the history of this institution. It has prospered under his efficient management, and has attained more popularity and reputation than under any previous administration. Prof. Elliott is an excellent educator, has unusual executive ability, and is a Christian gentleman of the highest type. He has been tireless in his efforts to promote the interest of the college, and his influence for that which is ennobling and elevating has left its impress on all with whom he has been in contact. Thus Mayfield sustains no small loss in his departure. His charming, talented family, so popular with all, will be sincerely missed, and will prove attractive additions to North Middletown, being admirably equipped to adorn any social position.—Mayfield Monitor.

Yale.

[For The Climax]
The short article in the CLIMAX of March 25 is incorrect. I did not attend the banquet in Louisville in honor of President Hadley, on March 23rd. I did not belong to the class of '30, but to that of '31, ten years later.

Our venerable classmate, Gen. C. M. Clay as now the oldest graduate of Yale now living but one, that is the venerable Thomas M. Clark, Episcopal Bishop of Rhode Island. Gen. Clay belonged to the class of 1822, Bishop Clark to that of 1831. The triangular catalogue shows that the class of 1840, of which I was a member, numbered 104. Of these all are dead except 14. The last member who passed away was the distinguished lawyer and Statesman, Gen. Charles R. Ingersoll, of Connecticut. He was a most accomplished gentleman and would have adorned any station in the gift of the American people.

In the last annual catalogue I see that Madison county is represented by four young men, Messrs. Embree, Lisco, Osborne and Hunting, all from the Berea neighborhood. To me this is most gratifying, because the influence and spirit of the grand university at New Haven are thus shown to dwell in the hearts of our people and to enrich with their blessings all our homes.

Dr. Joseph Price, of Philadelphia, who was called here last week to see Mr. T. D. Chenault, Jr., spent several days in the city and while here performed a number of successful operations at the Patten A. Clay Infirmary.

When it became known that the famous specialist was coming, numerous applications for operations were received, so that he was busy every hour of his stay. Dr. Price highly complimented the ladies of the Infirmary Board on the way the institution was conducted, and said that the citizens of the county should be proud of it. While in the city, Dr. Price was the guest of Dr. C. H. Vaughn.

To Meet At Kirkville.
The spring meeting of the district and county officers of the Madison Sunday School Association was held at the Y. M. C. A. rooms Saturday afternoon for the purpose of making plans and arranging for the county and district conventions to be held this year. It was decided to hold the county convention at Kirkville and the date was fixed for July 29. The program recommended by the State Secretary was adopted, with such modifications as are necessary to meet the special needs of the work in this county. It was left to Prof. L. V. Dodge to make these changes in the program. The dates of the various district conventions were fixed also. The Richmond district will meet on the night of May 6.

Deafness Cannot be Cured.
By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous services. We will give One Hundred Dollars for any case of deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHERRY & Co., Toledo O.
